

## Dosbarth Afal

### Homework - 3<sup>rd</sup> February 2023

Dear Parents,

It has been lovely to see how the children have been engaging with our topic 'Penguin Adventure'. We have all been really enjoying finding out about penguins and other Antarctic animals, exploring and finding Antarctica using maps/globes, and looking at the similarities and differences between Antarctica and The Arctic.

#### Topic

For homework I would like the children to imagine they are a researcher/scientist/explorer in Antarctica, and I would like them to write a postcard to the class. They can use the template sent home or have their own ideas on how to present their work.

They might like to include:

- What it is like in Antarctica (the weather, light or dark, describe what it looks like)
- What they have been doing there.
- Features/animals/ scenery they have seen.
- How they got there. How long it took.

I would also like them to include a picture just like the front of a postcard. This could be of the Antarctic scenery, animals, other researchers/scientists/ explorers, icebergs, their transport to Antarctica ... I'm sure they will have some wonderful ideas of their own.

Please can they return their postcards to school on or before 27<sup>th</sup> February (Monday after half term).

#### Reading/Phonics/Key Words:

Please continue to practice daily the words/sounds sent home with your child and read daily with or to your child. Please see the 'Year 1 and 2 Reading Letter' for information and ideas. Please return reading books and diaries each Monday.

#### Mathletics

I have assigned some shape and measure activities on Mathletics for the children to complete.

Thank you for your support in completing these activities,

Mrs Sully and Apple Class Team

Mrs James, Miss Bseiso and Miss Davies
