## Jumping Bingo

Number  
Number facts

### How to Play:

- Mark out a large bingo board on the floor using chalk or on a piece of paper. Fill out the bingo board with a mix of 1-digit and 2-digit numbers.
- With a partner, take turns to call out numbers of your choice.
- If a number is called out on the bingo board players jump on the number and complete a physical activity of their choice for 10 seconds e.g. star jumps.
- Instead of always calling a number can you challenge each other to adapt the activity to achieve bronze, silver and gold star?
