

How to login and use Hwb

Pupils will be using Hwb to access materials to support their home learning. We thought this user guide would help.

The web address is : <https://hwb.gov.wales>

Click here to log in, remember you need to add @hwbcymru.net at the end.

The screenshot shows the Hwb website homepage. At the top, there is a navigation bar with the Hwb logo, the Welsh Government logo, and the ADDYSG CYMRU EDUCATION WALES logo. A search bar with the word "Cymraeg" is visible. Below the navigation bar, there are buttons for "Service announcement", "Menu", "Log in", and "Sign up". A red arrow points from the text above to the "Log in" button. Below the navigation bar is a large red banner with the text "Learning and teaching for Wales" and "The Curriculum for Wales and free educational tools and materials." Below the banner, there are nine icons representing different sections: Curriculum for Wales, Curriculum for Wales 2008, Professional development, Resources, News, Events, Online safety, Zones, and Support Centre.

 Curriculum for Wales

 Curriculum for Wales 2008

 Professional development

 Resources

 News

 31 Events

 Online safety

 Zones

 Support Centre

Once you've logged on you will see the tools available.

Online versions of Word, Excel, PowerPoint and lots more

Google Classroom – pupils will find homework and assignments in here

More details on the next page

This section has lots of PowerPoints and interactive games on a variety of topics

The encyclopaedia is differentiated so pupils can access the information at three different levels.

Scratch – This allows pupils to code. Some great projects can be found at <https://scratch.mit.edu/starter-projects>

Play times tables games and spelling games against the clock

Child friendly versions of Word, PowerPoint and Excel

Allows pupils to create databases

Help and video guides

A simplified version of some of the other tools, suitable for Foundation Phase pupils. Includes
Write – creating pictures and writing about them
Paint – create pictures
Turtle – a simple coding program
Chart – create graphs and charts
Animate – create animations
